Reviews

- ▶ *“Issues in Internet Law: Society, Technology, and the Law will be a welcome addition in both academic and public law libraries... It should be acquired by libraries for its concise overview of Internet-related legal issues.”*
– Law Library Journal
- ▶ *“A top-notch book... it deals with the complex legal issues surrounding the Internet... written in layman’s terms and illustrated with “ripped from the headlines” court cases.”*
– Marian K. Brown, Amazon.com review, Seattle, WA
- ▶ *“Your book is great. It answers a lot of questions my clients (about 25-35 web designers & graphic artists) deal with. Often they ask me and I know only one intellectual property attorney who is up on this stuff. And you have a 100% greater inside knowledge not just of the law, but the issues as well.”*
– Barbara Effros, Accountant, Los Angeles, CA
- ▶ *“I want a copy on my bookshelf always within arm’s reach!”*
– Jeremy Pound, Web Developer, West Palm Beach, FL
- ▶ *“A valuable resource, well-researched and well-presented!”*

- ▶ *“The anecdotal nature of the book made it very easy to understand the underlying legal concepts!”*
– Scott Greenberg, Physician, St. Louis, MO
